STORED TRANSCRIPT

There is nothing you can do to make them like you. I used to want to please the world until I realized what made them happy, made me sad, and that's an unnegotiable. I see it's probably easier to not like me because I represent myself unapologetically. I used to hate people like that, that is until I realized they just didn't get it. You know how long it takes to like somebody? Like really like somebody? If you're anything like me, it probably takes a while. I wouldn't want anyone to like me if their distance to dislike me is shorter. I'll see you around for more stories.
