It kill me how many other people find distractions but still have a business and then wonder why the business is not successful. Cuz you're not focused. The number one rule is make the main thing the main thing. The number two rule is to make the main thing the main thing, focus. The ability to do something without being distracted. Consistency, the ability to show up everyday. Persistency, the ability to show up everyday without being distracted, which leads back to focus. I don't got shit else to do, so why wouldn't I focus? I don't got no family members. I better be focused. Hey, shout out to everybody who focus. You know what I'm saying? Like Like nigga, you don't get it. Look at you. Look at you. Look at you. Look at you. Look at you. Look at you. Look at you. Look at you.
